Yazoo County, Miss. (Continued from page 1.)

The race question was recently sprung in Yazoo County, Miss.

A white man named Henry M. Dixon was the author of the Sheriff.

He sought it in the Democratic Convention, and was defeated.

Thereupon he announced himself as an independent candidate.

He was not Radical in the field, and therefore he received the unanimous backing of the blacks.

"Anything to defeat the Democracy?" is the motto of Squash, Pond, and Sambo.

The people of Yazoo had been subjected to the rule of the African race for years.

They knew just what it meant; and when they broke their yoke and fetters in 1875, they were the Almighties that the negro should never hold the upper hand in that county again.

When Dixon began to mass his dusky hordes, the wealth, the culture, the worth, the boldness and the energy of the county rose in the royal strength and majesty of their Caucasian blood, and commanded him to withdraw from the contest.

He withdrew, and Yazoo County was saved from a long, bloody, intestine epoch of savagery and crime.

And good men here and everywhere on earth will thank the God of Justice and Mercy that it was so.

But the Stalwarts of Yankeeism—the Bilks.

Bilks, and all who ally themselves with them, are the enemies of the people.

The Stalwarts of Yankeeism—gave the party a fever shake, and with eyes averted and hearts aching with hate, they began to defend with recruited fury, to damn us with redoubled force.

Right here, and now, before we enter upon the argument, we wish to state that we do not intend to defend the actions of the party, but only the actions of the party.

You would treat a minor who would thus dare to oppose the Democracy.

No difference whether the negro is a Democrat, or a Republican, or a Greenbacker, refuse to vote, and give him no right to understand that his sphere of usefulness lies in the cotton patch inside of the political arena.

There is a party in the State, county, or town, opposed to the Democratic party, let it be heard for its cause; let its candidates be treated with all due respect and consideration; let its white members—AND ITS WHITE MEMBERS ONLY—enjoy the full exercise of a franchise fair and free.

If our Plan is not passed, this is our next Plan, and it is the only Plan that will work and win.

The more the more moderate Conservatives and Democrats, "if we disfranchise the negro, in this manner, it will solidify the North."

The Northern Democrats know full well that they are their main dependence if they hope to control the Federal Government.

They have not asked for the Amendments, for those infamous enactments keep them in the minority in Ohio and several other Northern States.

"But it will cause the Stalwarts of the nation," it is argued.

The Stalwarts of the "nation" (as you call the little old humbug up at Washington) have been on the plan of the only Plan that will work and win.

location of his card of withdrawal. "The Democratic flag now waves over this glorious old Republic in Mississippi, and long may it wave." There may be great cause for felicitation in Yazoo County, but it is unfortunate for the Democratic party at large that it will be required to carry Mr. Barksdale's card.

This is either a free country or it is not. If it is free, the right to vote and to be elected is to be held as sacred in Mississippi as in Ohio. We do not believe that the shot-gun rule can be a permanent institution in America, however potent it may be at times; and, the sooner it is laid on the shelf in the case of the Democratic party, the sooner the Democratic party, considered from a National standpoint.

Remember (Ga.) State (Dem.)

In the course of time Radicalism and carpet-bagging were supplanted by Democracy; and the threatened ruin and civil discord were succeeded by prosperity and peace.

Under these circumstances, it is any wonder that men interested in the soil of Yazoo County should not have been so much alarmed by the shot-gun rule as they have been?

Has the Government of the State been so weak that the Government of the State is powerless to enforce its laws? It must be controlled, and that by the State authorities.
